Trade List of Seeds.

We wish it understood that most of the stocks and all of the special strains of vegetable seeds which we carry are **market gardeners' qualities** and not common jobbing stock.

Every seedsman knows what this means, not only in cost but in retaining critical trade. If our prices on Danvers Carrot, Wakefield Cabbage, Ohio Globe Onions, Osage Melons, or some other varieties are higher than seed under the same name purchased elsewhere, write us stating quantities desired and if we cannot meet competition rates we can give the best reasons why our stocks are worth the money we ask.

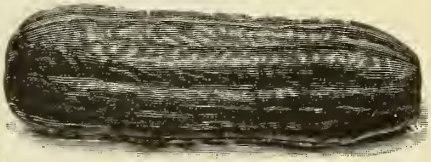
CHICAGO WARTED HUBBARD SQUASH.



BLACK MICHIGAN SQUASH.

The Squash grows from 8 inches to 1 foot in length by a thickness of three to 4 inches. The seed cavity is very small, the flesh is extremely fine grain, of delicious flavor, lacking that decided squash flavor so prominent in most kinds. The exterior is very dark green, almost black, and the Squash averages from 2 to 3 pounds in weight.

ALYSSUM VAUGHAN'S LITTLE GEM.

The plants, are only a few inches high, and grow very dense, and are completely covered with snow-white blossoms. We know of no other white flower which is so particularly well adapted to borders, ribbons, etc., as our "Little Gem" Alyssum. The plants commence to bloom when quite small, and will flower uninterruptedly all summer long till late in the fall.

The Reason Why our prices on Flower Seeds are low is simply because we grow them and have them specially grown for us in large quantities by special growers. We are therefore in position to furnish many of them as cheaply as the large European houses. We often buy certain growers' entire crops and thus own our seeds right.

☐ Where this square is found there are particular bargains to which we wish to call the attention of our customers.

Our Aster seed is raised by *experienced* and *reliable* seed growers, in many cases from our own stock seed and should not be compared to stock raised in the south or by experimenters who use no care and lack experience.

THE CARLSON ASTER.

THE "CARLSON" OR INVINCIBLE ASTER.

This is a selection from Truffaut's Pæony-Flowered Aster made by a Chicago florist. It is a great favorite among the Chicago commission men, on account of the large size of the flowers and the length of stem. It comes into bloom a head of the Branching Asters.

A TRIP THROUGH NORTHERN EUROPE.

One of the members of our firm visited the seed and plant growing districts of all Northern Europe the past summer, calling on the principal growers and specialists. By this inspection we compare the merits of the novelties offered with the best standard kinds and sometimes valuable varieties but little known are introduced in the American trade. The inspection of the seed crops growing for us was equally important. Our years of practical experience in this country and in Europe, brought down to date by such trips as the above, place us in the best possible position to satisfy the most critical buyers.

SWEET PEAS IN MIXTURE.

VAUGHAN'S "PRIZE" MIXTURE.—Stumpf. This mixture contains the cream of the new and standard sorts. It is made up entirely of new and separate sorts, carefully proportioned as to its composition, and we can safely say, **"There is no better general mixture in existence,"** no matter at what price or under what name it may be offered. Per lb., 35c.; 100 lbs., $30.00.

TRIAL GROUND MIXTURE.—Stummel. Per lb., 30c.; per 100 lbs., $26.00

VAUGHAN'S FLORISTS MIXTURE.—Stumpfsinn. This is a mixture, made by ourselves, of principally light colored varieties, suitable for florists' cut-flower trade. It is a very carefully proportioned mixture and gives satisfaction. Per lb., 25c.; per 100 lbs., $22.50.

ECKFORD MIXTURE.—Stunde. This mixture contains over thirty varieties, including some of the novelties of 1903 and other choice sorts. Per lb., 18c.; per 100 lbs., $14.50.

ALL COLORS MIXED.—Sturm. Also a very good mixture; contains over twenty varieties. Per lb., 15c.; per 100 lbs., $12.50.

VAUGHAN'S NEW SWEET PEAS FOR 1904.

ALL OWNED AND CONTROLLED BY US.

MRS. GEORGE HIGGINSON, JR.—Sky-Blue: A clear delicate light blue showing practically no tint of mauve. It is a thing our growers have been working for for years and while it is not any larger the than old Countess of Radnor, it is a particularly fine shade. It is especially valuable for florists and is a decided novelty. Per lb., $2.50.

FLORA NORTON.—Bright Blue: Same size and shape as above, but darker color. It is a very bright blue, quite different from Countess of Radnor and kindred varieties, being a brighter blue and clearer color. It is a decidedly good sort. Per lb., $3 00.

SPECKLED BEAUTY.—Pink Friar on Primrose: A good large flower of perfect shape. Primrose with heavy dusting and shading of pink, comes truer and larger than Pink Friar and is really a good thing. Per lb., $3 00.

SUNRISE.—Katherine Tracy on Primrose: Particularly distinct on account of its color, which is a bright pink suffused with primrose, flowers good size and open form. There is no other color in Sweet Peas like it. Per lb., $4.00.

SUNSET.—Mrs. Jos. Chamberlain on Primrose: A good primrose ground, heavily striped with bright rose. Considerably distinct from Mrs. Chamberlain, in fact it is one of the brightest things we have next to America. As large and of same shape as Mrs. Joseph Chamberlain. Per lb., $3.00.

NYMPHÆA.—Light and Deep Pink: A large flower with long stems, usually four blossoms to the stem. First blossom opens almost white, and then turns to a bright deep pink. Of the four blossoms the top one is nearly white and the bottom one deep pink. Very attractive and pretty and one of our best. Per lb., $3.00.

EVENING STAR.—Open Form Venus: Same shade as Venus but open form. It is similar to Duchess of Westminster but much superior, as it stands the sun without burning. Per lb., $2.50.

BRIDESMAID.—Deep Katherine Tracy: Same as Katherine Tracy in every respect except a bright and deep pink. Per lb., $2.50.

☞Our stocks of the above new Sweet Peas are limited and we reserve the right to decline or reduce orders.

WILD CUCUMBER.

Echinocystis Lobata.

This is the **quickest growing Climber** in our list. It will grow thirty feet in one season. It is thickly dotted with pretty, white fragrant flowers, followed by an abundance of ornamental and prickly seed pods. For a trellis or pillar no annual vine is more chaste, and it will quickly cover an old tree or an unsightly building.

VAUGHAN'S CHICAGO PARKS LAWN SEED.

Is the best lawn seed in the market. It is prepared with the greatest care and contains best seeds only. It is a good seller over the counter, on account of its reputation and the attractive packages in which we furnish it.
